

UNDERGRADUATE SCOPE OF WORK

Intern Name: Jaidon Lapuz

Intern E-mail: jaidon.lapuz@longbeach.gov

Placement Site: Walk and Roll Long Beach

Preceptor Name: Kaelin Peterson

Preceptor E-mail: kaelin.peterson@longbeach.gov

Preceptor Phone (Work): 562-570-4397

GOAL 1

Increase community awareness and participation in active transportation and physical activity programs through health education, outreach, and engagement activities conducted at Walk and Roll Long Beach.

Competency	Target Completion Date	Activities (with expected number of hours for each task)	Expected Hours
Area I – Assessment of Needs and Capacity for Health Education (1.2 Identify Priority Populations)	May 29, 2026	Review five community data sources (e.g., U.S. Census, Long Beach transportation reports, California Healthy Places Index, Walk and Roll Long Beach program data, and City of Long Beach mobility reports) and prepare a 2-page summary identifying three priority populations for active transportation programming. (10 hours)	10
	June 12, 2026	Conduct 10 structured observations of community transportation and pedestrian environments using a standardized observation checklist and submit completed checklists with a 2-page findings summary identifying safety concerns and accessibility barriers. (10 hours)	10
	June 26, 2026	Collect participant feedback from four community events using surveys or informal interviews, obtaining a minimum of 80 participant responses , and compile results into a 2-page summary report highlighting	10

		community needs and suggestions. (10 hours)	
	July 10, 2026	Develop a 3-page community needs assessment identifying five key barriers and five opportunities related to active transportation and physical activity, supported by community data and participant feedback. (10 hours)	10

Total Goal 1 – Area I Hours: 40

Competency	Target Completion Date	Activities (with expected number of hours for each task)	Expected Hours
Area IV – Conduct Evaluation and Research Related to Health Education (4.1 Develop Evaluation Plans)	July 17, 2026	Develop two participant surveys containing 8–10 questions each to evaluate participant knowledge, satisfaction, and program effectiveness. (10 hours)	10
	July 24, 2026	Compile evaluation data from a minimum of four Walk and Roll Long Beach programs into an organized spreadsheet with complete response tracking and data summaries. (10 hours)	10
	August 1, 2026	Analyze evaluation results and prepare a 3-page report summarizing five key findings and three recommendations to improve future health education and outreach activities. (10 hours)	10
	August 8, 2026	Create and deliver one 10-slide presentation summarizing evaluation findings, participant feedback, and recommendations for Walk and Roll Long Beach staff. (10 hours)	10

Total Goal 1 Hours: 80

GOAL 2

Develop and implement health education and community outreach strategies that promote safe walking, biking, and active lifestyles among Long Beach residents.

Competency	Target Completion Date	Activities (with expected number of hours for each task)	Expected Hours
Area VI – Serve as a Health Education Resource Person (6.1 Obtain Health-Related Information)	June 5, 2026	Review 10 evidence-based resources related to active transportation, pedestrian safety, and physical activity, and prepare a 2-page evidence summary for staff reference. (5 hours)	5
	June 19, 2026	Develop three educational materials (such as a flyer, infographic, or informational handout) promoting active transportation and healthy lifestyles for community distribution. (5 hours)	5
	July 3, 2026	Create and schedule five social media or community outreach posts using approved health education messaging to promote Walk and Roll Long Beach programs and events. (5 hours)	5
	July 31, 2026	Distribute educational materials to at least 100 community members during four outreach events and document the number of materials distributed and participant interactions. (5 hours)	5

Total Area VI Hours: 20

Competency	Target Completion Date	Activities (with expected number of hours for each task)	Expected Hours
Area VII – Communicate, Promote, and Advocate for Health and Health Education (7.1 Promote Health Education Profession and Programs)	June 10, 2026	Participate in four community outreach events and provide active transportation education to at least 100 community members , documenting attendance and educational interactions. (5 hours)	5
	June 24, 2026	Facilitate 20 one-on-one educational interactions with community members regarding the benefits of walking, biking, and active transportation, and document common questions and responses. (5 hours)	5

	July 15, 2026	Prepare and distribute two advocacy communication materials promoting safe streets and active transportation initiatives for community or partner use. (5 hours)	5
	August 14, 2026	Attend two meetings with community partners or stakeholders and prepare written meeting summaries documenting discussion topics, action items, and follow-up responsibilities. (5 hours)	5

Total Goal 2 Hours: 40

TOTAL INTERNSHIP HOURS: 120

NCHEC Areas of Responsibility Included

- Area I – Assessment of Needs and Capacity for Health Education
- Area IV – Conduct Evaluation and Research Related to Health Education
- Area VI – Serve as a Health Education Resource Person
- Area VII – Communicate, Promote, and Advocate for Health and Health Education
